A CONTRACTOR OF A MINISTER OF

November 15, 1926

San Pedro Ranch Nursery Company

INCORPORATED

Wholesale Growers of Ornamentals COMPTON, CALIFORNIA

Observe Before Ordering.

This price list is for the TRADE only, and cancels all previous issues. Prices are subject to change without notice.

TERMS: Cash. Parties unknown to us are required to pay cash with order and will be allowed 2% discount.

Orders to be sent C. O. D. must be accompanied by 25% of the amount.

CHARGE ACCOUNTS: Where parties are known to us or furnish satisfactory references, our terms are sixty days net. New charge accounts should be accompanied by bank or trade references and sufficient time allowed for investigation before shipment is made.

TRANSPORTATION: Definite shipping instructions should be given by the purchaser as to the method of shipment preferred. Where shipping instructions do not accompany the order we will exercise our best judgment as to the manner of shipment. We advise express shipments on all lining out stock to distant points.

PACKING: Practically all lining out stock will be taken from pots and wrapped separately in paper. Stock in gallon and larger containers shipped in less than carload lots will be crated. Cost of packing material will be added to the prices where shipments move in less than car lots.

PRICES: All prices quoted are for the stock f.o.b. Compton, California, packing material additional at cost, and subject to prior sale; 500 plants of the same variety and size at the 1000 rate; 25 at the 100 rate; 5 at the 10 rate. The following applies to lining out stock: Where stock is quoted in 100 rate only, not less than ten of a variety or size will be filled. Where less than 25 of a variety and size are ordered, the price will be 25% over the hundred rate.

CLAIMS: Any claims for shortage or demands for adjustments must be made in writing within five days after the arrival of shipment.

GUARANTEE: We exercise every care to have our stock true to name. Nevertheless it is understood and agreed that should any stock prove untrue to name, the SAN PEDRO RANCH NURSERY CO. will be liable only for the sum paid for such stock which may prove untrue and shall not be liable for

any greater sum. We book all orders with the understanding that they shall be void if injury befall our stock from flood, frost, drouth or any other causes beyond our control.

NOTICE: If you do not find the stock you want listed, please write us and we may be able to supply you. We have many varieties in insufficient quantities to warrant listing. We invite correspondence and are ready to assist our patrons in every way we can.

SERVICE: It is our aim and purpose to please our patrons, and we will at all times endeavor to give as prompt service as possible after the order is received. We urge that orders be placed as far in advance of shipment as possible, as often some time is required to prepare the stock for shipment.

Invitation

The best way to become acquainted with our clean, quality stock is to visit our nurseries.

We are three miles south of Compton, California, on Alameda or Truck Boulevard. If Pacific Electric is most convenient, take San Pedro line, getting off at Los Angeles Street, below Compton, and you will be at our nurseries.

We will always be glad to show you around.

SAN PEDRO RANCH NURSERY CO.
